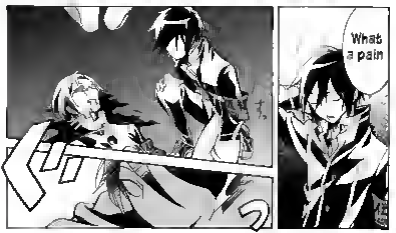
Let's go.
伍組
Why, you!!
What is it?
shouldn't you be thanking me instead?
I saved your life earlier
When we get back you owe me 20 million
伍

I-
I want go Shiho
Don't forget your goal
Win...
The one dying has the most logical words
Let's go now
Go on ahead... Shiho. If you stop here the 3 million people in Yokohama
—will die
D-
Don't think it was my fault.

DePeat Gunjou
Kill the girl, and save the world

Hey brain-slain student
What?
Can you come here for a second?
Huh? Just escape already

Please
It's hard for me
to raise My voice



What a pain

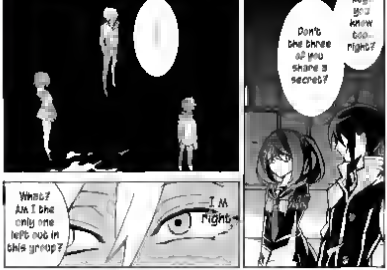
I have a request for you
Ok?
Protect him?
Then, are you paying me?
Shiro
He's really amazing
So please protect him in my stead
Haha sure. But I already knew you will
You're a pretty nice guy after all.
What?

Weren't you desperately trying to save Shiro earlier?
That's why I'm trusting you
Please, prote-
Are you a dumb-ass? I got it
Just escape alrea-dy
See, you're really a nice guy
Shut up

Well I'm sorry.
I'm leaving first.
Anyway I'm counting on you.
See you later.
Escape switch
I-is Yousuke going to be okay?
Don't worry. He'll definitely be fine.
Is no one in here wounded or need of help?

So, is this a high-level labyrinth?
Most likely
What level do you think it is at?
Well, to be able to show us it's like this it would have to be at least level 10
Maybe around level 15?
Then a lot of people will die
Yeah
What did you and Yousuke talk about?
It's nothing
He just asked me to protect you

You have a really disgusting level of trust
Haa Are you kidding?
What's the story between you two?
Even with injuries like that he's still worrying for my safety?
Is it love?



Don't the three of you share a secret?
Hey, you know each-other?
I'm Right
What? Am I the only one left out in this group?

No, that's not true
You're one of us
After all, you saved my life.
What you're going to tell me your secret? I couldn't just care less. Pay me for saving you
Ahh you're surprisingly expensive
How annoying.
Well, regardless of the difficulty, we must clear it,
Or else 3 Million people will die.

Gunjou's comrades
This time too, we'll kill the diseased girl without anyone dying!
I wonder what her face looks like now
Is she crying?
Or is she desperately trying to put on a brave face?
Hey
That is....

Hwah !?
Eh? Ah, an c-c-chat hahaha
Hmm
...me?
Why are you so surprised?
Uwa c-chat
That was the first time
You said my name...
Hah?
Anyway do you have mapping magic tools?
Are you asking if I have magic to locate the diseased girl?

Don't blame him!
How incompetent...
I'm sorry. I don't have any magic that can explore the entire labyrinth given its size
Ah, so you can understand
I didn't foresee this situation
A diseased girl deceiving the scouting corps is unheard of
Then... among those with Gunjou
I'm now searching
My friend, Gumi-chan, should have
Map exploration Magic loaded.
HM?

This magic only shows the location of your friends right?
Ah yes!
Ah, but that...
Then why the hell is my name on there?
That's because you called me by my first name earlier.
I'm sorry about my magic but
It doesn't register a person as my friend unless the feeling is mutual.
Don't make that face like a lost puppy.
HAAA AAH Z
PPPH.
Suddenly you aren't as annoying anymore
Don't touch me asshole

Y-You all are so loving to me!! with!
Let's go Shinazaky
There isn't much time left!
Haaa!? Stop joking!!
I-I! I'm so happy to be friends with you Shinna-saka-san!
Haha Chibi's right..

Gunjou's group should be on the upper floors..

Where are the stairs? Should we split up to find them?
Shiro you two head to the right
I'll go left
Are you going to be fine alone?
Of course
I assumed people who would want to be in ends with me would be badly
wouldn't have a balanced configuration
Ren
Come back in 3 minutes if you don't find anything
No need If you find the stairs
The group that doesn't find the stairs will chase the other
just go up
Got it?
I understand
Return here?
Ah?
Oh fine ok
Ah?

You better not die
I don't want any of my friends dying.
Eh?
Sub a friendless loser like me wouldn't understand that feeling
That's a lie. The way you talk is irritating too, you're actually a nice person
Even though you act like a lone wolf, you want friends too
Right?
Nea?
Just go to hell

Get it?
I don't wanna go
You better not sicken
Anyway, we'll stay alive and clear this labyrinth!
Please be careful, Shirou-suke-san
Even if you say that...
Forcing your friendship on me...
Saying "be careful" is completely strange

Found it.

Damn, that's fast
That's s
Just a little more, ha ha... really!

Long ago, I had a peaceful world
I want to be Onii-chan's bride when I grow up!
So very peaceful
Until my sister was infected with the labyrinth disease

Saki created a labyrinth
《Apocalypse Alice》
To invade it you would need incredibly powerful Magic,
The labyrinth with the highest level.
However, that would require a huge amount of money

Love?
Friend-ship?
Compa-nions?
I'm not allowed to have those things
I don't under-stand the meanings of those words
Fun?

Onii-chan...
I love you,
Onii-chan...
You're
I can only believe in myself,
相信的只有自己和
金钱
and Money
I'll save you, for sure!!

因为在这个世界上谁都没有想过要拯救我妹妹
